

The Pick &Click! Blind fitting system allows you to fit any of the 164 blinds in the VELUX range. Every VELUX window is fitted with pre-installed brackets which let you simply click the blinds into place. It's so easy and you're guaranteed a perfect fit every time.

Make sure the VELUX roof window is closed securely before you begin installation.

Using the bracket attachments supplied, affix the VELUX blind to the top of the VELUX roof window

Attach the two aluminium side channels to the bottom of the VELUX roof window

Secure side channels at intermediate points to ensure smooth running action

The VELUX blind is now ready for use
